Judge Butterfield Talks To Kiwanians

TRIBUTE PAID TO AMERICAN FLAG

There was quite a drop-off in attendance at the Kiwanis meeting Wednesday, however those present enjoyed an interesting and timely address by Judge Butterfield of Mt. Pleasant. Judge Butterfield, at the request of some of the members, talked on the subject of oil and land leases. He is an attorney for some of the large oil companies operating in Mt. Pleasant and other parts of the country.

Next Friday is National Flag day and appropriate to the occasion President Clippert gave a resume of the history of our flag and of some of the principles for which it stands. He said the following:

Our National Symbol

On July 4, 1776 the Declaration of Independence was signed in Philadelphia and the united colonies having broken by that act all the ties that bound them to England, became an independent nation of the U. S. of A. It was necessary therefore to adopt a new flag.

Tradition says that in the latter part of May, 1777, George Washington and Col. Ross called on Betsy Ross in Philadelphia to make a flag that they had designed. They kept the 13 stripes, alternating red and white of the Grand Union but replaced the Union Jack by a blue field bearing 13 white stars.

The birthday of the flag is June 14, 1777. Congress passed this resolution:

To gather in honor of our flag is to gather for a noble purpose. Periodically we need to consider the ideals for which it floats above us: democracy, liberty, justice, opportunity.

The flag is ever a symbol of our nation, and we cannot dissociate it from our national life.

If all our flag stands for is military victory we may be sure it will disappear as other symbols of military strength. The flag of Hohenzollern and militaristic Germany is gone. The standard of the Roman empire, the eagle, has gone.

As we honor our flag we honor the mighty principles which it represents. Today as ever, we face the difficult problem of keeping our flag a symbol of democracy. We must hold dear the freedom of the press and the freedom of speech—they are the foundation of our liberty.

We cannot force people to honor our flag. We may force them to go thru the form of honoring it, but such honor will be at best a hollow mockery if people do not love it for what it means.

Love of the flag is like the love of one's mother in this respect. If a mother gives her child her tender love and care she may expect to receive in return the love and respect of her

child. But if she is one of the few who dislikes her child she will probably never have its love. She may whip it into obedience but she can never secure its respect by force.

If our nation or any other nation fails to remain just, if it stands no longer for life, liberty and the pursuit of happiness, but for militarism, tyranny, and repression, no army can save it. Our flag should be prized as a heritage of a free people. It has inspired ideals which have made men willing to suffer and die for what it represents.

A guest at the Kiwanis meeting was A. R. Schumann of Sacramento, Calif., and a former Kiwanian of Bartlesville, Oklahoma.

GRAYLORD OUTDOOR FESTIVAL JUNE 28, 29, 30

The Second Annual Graylord Outdoor Festival will be staged June 28, 29, 30th according to an announcement made by the Otsego County Chamber of Commerce.

This three day event has come to be an important and looked-for attraction to sportsmen, fishermen and conservationists.

A number of Northern Michigan cities are co-operating with bands and floats for the "Parade of the Great Outdoors."

Cheboygan is again making plans to send a string of boxers down and these will be matched against the very best competition available.

Scenic trails through Otsego County's beautiful pine scented air are in store for all nature seekers—the white tailed deer and views of the largest elk herd east of Jackson Hole, Wyo., are one of the main reasons that Otsego County has much to offer to those who love nature at its best.

The fly and bait casting events are attracting attention of some of Michigan's best artists. Robert Greenfield, Captain of the Detroit Fly and Bait Casting Club, will have charge of all events. Prizes to the winners.

Complete display of fish native to Michigan, and the famous late "Phil Zalsman" exhibit, along with other wildlife, will make the Festival Headquarters a place of interest.

You are invited to come and bring your friends—you will enjoy this three day vacation amid the beauties of the north country.

Old Glory

What flower is this that greets the morn,
Its hues from Heaven so freshly born?
With burning star and flaming band
It kindles all the sunset land:
O tell us what its name may be—
Is this the flower of liberty?
It is the banner of the free,
The starry flower of liberty.

DR. KING OF OLIVET COMMENCEMENT SPEAKER

Baccalaureate

Opening Commencement week baccalaureate services were held at Michelson Memorial church Sunday evening with relatives and friends of the class in attendance. Rev. Hans Juhl assisted in the service and Mrs. Harold Jarmin sang "Just for Today," by Godard, very beautifully.

Rev. Edward Flory, of the Methodist church, West Branch, gave the baccalaureate sermon. His theme was on the challenge of youth and the church. He cited many periods in history in

which there appeared some great leader to carry on the problems of the respective time.

Whether or not the masses were satisfied with this leadership, circumstances seemed to demand that someone took over the helm, thus there have been leaders of all types, including the so-called dictators. The challenge is to the churches to provide leadership for peace of the world and not to promote destructive warfare. Happiness among all nations of the world and protection for the weak and needy, and not human misery and suffering, is what is needed from leaders. People will flock to those who offer the least semblance to happiness and comforts of life, regardless of the merit of the leadership that may be offered. It is up to youth and the church to carry forward the shield of peace and good will into the world, for the happiness of the peoples of the nations.

Three Weddings On Social Calendar

Dan Cupid has been busy among young Grayling folk the past week, making June the month of roses and brides prominent in Grayling's social life. All have the congratulations and best wishes of hosts of friends.

Hendrickson-Leach

The many friends of Paul Hendrickson will be pleased to learn of his marriage to Miss Beatrice Leach, daughter of Mr. and Mrs. C. Leach of Kalkaska. The ceremony was solemnized Sunday afternoon at the home of the bride's parents, after which a lovely dinner was served to the immediate families. The young people left Sunday on a honeymoon trip. The groom is the only son of Mr. and Mrs. A. E. Hendrickson, and is a graduate of Grayling High school, and during his school years was prominent in school athletic circles.

Auldich-Schroeder

Friends of Gladys Schroeder will be pleased to learn of her marriage to Mr. Harry Auldich of Roscommon. The ceremony took place June 5th at Gaylord and Mr. and Mrs. Leo Schram attended them.

Wheeler-Thorington

On Wednesday afternoon, June 5th, Miss Helen Thorington and Theodore Wheeler were united in marriage in West Branch. The ceremony was performed by Rev. Edward Flory at the home of Mr. and Mrs. Clyde Fletcher. The bride was attractive in white taffeta and carried a bouquet of orchids and lilies-of-the-valley. Mr. and Mrs. Fletcher were the attendants and little 16 months old Mary Jacqueline Fletcher pretty in yellow organdie was the flower girl.

The bride, who has been teaching the Love school in Beaver Creek, is the daughter of Mr. and Mrs. Justus A. Thorington of Gladwin and the groom is the son of Mr. and Mrs. Delbert Wheeler of Grayling.

OLD RESIDENT DIES IN MONTANA

Word has been received, reporting the death of Charlie Sholts at Fort Benton, Montana, on Sunday, June 2nd.

Charlie Sholts was the son of Mr. and Mrs. Fred Sholts, deceased, who were residents of Beaver Creek Township of Crawford county for many years.

Charlie was born at St. Charles, Michigan, Dec. 12th, 1876. With his parents, he came to Beaver Creek township where they took up a homestead in what is now known as the Love settlement, when Charlie was less than two years old. He grew to young manhood in that community.

He went west, locating in Minnesota, about 1896 and did not return to Michigan until 1911, after which he spent several years with his aged mother on the old home place, in Roscommon and in Grayling. In 1923 he again went west, locating on a ranch near Great Falls, Mont., where he was residing at the time of his death.

He leaves to mourn his loss, his wife Viola, of Colony Bay, Mont.; a daughter Lavina, four sisters, Mrs. Laura Wallace and Mrs. Chas. Wilbur of Roscommon; Mrs. John Jackson of Adrian, and Mrs. George Howe of Ithaca, also four nieces and five nephews and several other relatives.

I. O. O. F. ELECTS OFFICERS

Grayling Odd Fellows elected the following officers at their meeting Tuesday night:

N. G.—A. M. Peterson.
V. G.—Oscar Smith.
D. G. M.—C. R. King.
1st delegate to Grand Lodge—C. R. King.
1st alternate—Robert King.

BARTON WAKLEY SEVERELY INJURED

Barton Wakley, employed on the excavation work for the waterworks, suffered severe injuries when he was the victim of a cave-in. He was knocked down by the avalanche of earth and pieces of concrete contained in the mass, and struck on the hips, fracturing the two pelvic bones. He is in critical condition and will have to be confined to the hospital for perhaps several months.

Legion Jottings

We gave notice last week we would have another party on June 18 at the Johnson Rustic Dance Palace at Prudenville, on Houghton Lake. We have engaged one of the best dance orchestras in the state, Marv Herbert's 11-Piece College band, and with the best dance palace in Northern Michigan, anyone who attends this party will sure be well repaid. We made the admission for the same as before and the dance will start promptly at 9:30 p. m. and will hold forth until 1:30 a. m. Everyone who can should turn out and help our Drum & Bugle Corps as we will be with the public for years to come we hope.

Thursday evening our Drum & Bugle Corps had a very good workout and are now learning more new pieces.

Wilfred and William Laurant have been appointed on Field Day Sports committee which will take place during Homecoming, on Tuesday afternoon, July 16th.

On our first day of Homecoming the Northeastern Michigan Band Tournament will be held here. One of the best Carnival companies, Polie and Bergers will arrive in Grayling with plenty of rides and shows for all. On Saturday night, July 20, the largest display of fireworks ever presented in this city will take place and on Sunday night, July 21, the big party at Horse-shoe Lake near Waters, when Tim Doolittle's Pine Center Gang WJR radio stars will put on a floor show and dance for our Drum & Bugle Corps.

Let everyone attend the Big Party at the Rustic Dance Palace at Prudenville next Tuesday evening for this will be a real party.

Comrades Alfred Hanson and Clarence Johnson, with Leo Schram and Harold (Spike) McNeven, went to Mt. Pleasant last week to look over the carnival that is coming to our city during the Homecoming in July. They were well pleased and contracted for Polie-Bergers Shows.

One of our former Grayling ball players, Comrade Lea Bibbins, visited our town after having been away for 21 years. He will be remembered as catcher on the Grayling ball team when we had a real club during the days of Tom Stevens' Otsego's, in the years 1913 and 1914, and was liked by everyone. He served during the World War with an ammunition train. He is as interested in Grayling as ever and spoke well of our Corps and said he would be back with his family for the Homecoming. He kindly made a donation of \$10 to the Corps.

There was a slight typographical error on our dance bills. The dance will be from 9:30 until 1:30 instead of 1:00 a. m. Four hours of good music and good time for all who attend.

CHEVROLET DEALERS MET HERE FRIDAY

Some 75 dealers and salesmen of the Chevrolet Motor Company met in Grayling last Friday, making up a gathering of those representing Northeastern Michigan. The meeting and show were staged in one of the army tents at the Hanson State Military reservation at Lake Margrethe, and there was schooling for dealers and salesmen with several gentlemen from the Flint factories giving the instruction.

The meeting began at noon and dinner and supper were served in one of the mess kitchens, with Pete Lovely as chef.

Besides being a very interesting and profitable meeting it also served as a fine outing for this group of Chevrolet enthusiasts.

GRAYLING GOLFERS TO PLAY AT WEST BRANCH

The officials of Grayling Golf Club have accepted an invitation from the West Branch club to play their members at the West Branch course Sunday, June 23rd.

The invitation says "There will be a free lunch to the Grayling players after the game." So take along your appetites and show the West Branch men that we appreciate their hospitality.

GRAYLING DAIRY'S NEW BOTTLES BOOST GRAYLING

Grayling Dairy has been spreading good will for the town for the last two years by advertising "Winter Sports" and "Summer Vacations" on their bottle caps.

Now they are coming out with a colored, lettered bottle. The color of the lettering is green. On one side is the company name "Grayling Dairy" and on the other side is an ad which is a credit to them and to the city as well. A green pine tree sets between our two great attractions, "Winter Sports" "Summer Vacations."

To illustrate its advertising value, Amos says that he recently was advised that the Bay City Milk Dealers Ass'n. had 200 of his bottles waiting for him. Of course these 200 bottles were picked up by dairymen on the doorsteps of Bay Cityans following their visit to Grayling.

Amos has been in business four years last month. Since coming he has made the following improvements:

Installed a new high-pressure boiler.

Installed a 100 gallon pasteurizer complete with cooling system; automatic recording thermometer; automatic bottle filler and capper.

Has put in a complete new concrete floor suitable for a dairy; it slants 1/4 inch to the foot from all sides toward the floor drain.

Has given ceiling of Dairy a good coat of ivory enamel paint.

Has remodeled the old church not only into an up-to-date dairy, but has made a very comfortable home upstairs.

Has beautified the corner of the street by putting in evergreen trees and soft maples and raising a fine lawn.

Mr. Hunter is a graduate of Grayling High, Class of '28. Is a member of the I. O. O. F. lodge of this city and also a member of the Grayling Kiwanis club.

He says the success of Grayling Dairy is due to the loyalty of the people of Grayling and our summer visitors. The C. C. C. has been a great help also. He says he is going to continue to improve his surroundings, quality and service until he has a dairy which people can refer to as one of the best little dairies in the state.

THURSDAY, JUNE 13, 1935

AMOS HUNTER, proprietor of the Grayling Dairy, has constantly shown his loyalty to Grayling by his advertising. For many years past milk cans for the bottles used contained publicity about our winter sports. Last week a new quart bottle came into use which again advertised Grayling's winter sports and summer vacations. If every business firm in Grayling would do as much toward keeping the recreational features of our county before the public it wouldn't be long before the whole world would know of Grayling's attractions. Mr. Hunter's example is well worth emulating.

**Workers Unusually
Close In Campaign****ADVERTISING CARDS ADDED
TO CAMPAIGN FOR ONE
WEEK ONLY**

The four active workers in the Crawford Avalanche's big prize campaign raced through Saturday to one of the closest "first period" finishes ever seen by the manager of this campaign. Not a one of the four has a commanding lead, and not one of the four is even partly out of the running. They are all so close, in fact, that one guess is as good as another as to which of the four will be in the lead by the end of this week.

It has become apparent that it will be efforts during the "second period," ending a week from Saturday night, while credits are still high, that will probably decide the final winner.

A new factor is being introduced into the campaign today in the form of advertising cards—much like meal tickets—which workers will be allowed to sell for one week to business men, in addition to their regular subscription sales efforts. These cards will count for high credits, and results obtained through their sale may bring some startling changes in the positions of the workers in the next few days.

The cards will be redeemed by the Avalanche at any time within a year in the form of advertising, at 10 per cent more than their cash cost, a fact which makes the cards very attractive to merchants who would like to hold their advertising costs to a minimum.

The almost blanket coverage of the entire Grayling territory which is being attained through the campaign will prove a big inducement to merchants to buy these cards from their friends among the campaign workers. The Avalanche is now prepared to carry advertisers' messages into practically every home in this county at a decidedly reasonable rate, and progressive Grayling merchants will not be slow to realize the opportunity this offers them, and to grasp it by buying these advertising cards.

The eyes of the entire community will be on the leaders in the campaign from now until the finish on June 29. It is now time for the campaign to begin to produce sensations and surprises. Present leaders realize they must increase their margins if they want to finish "in the money," so closely grouped are all the contenders, and as a result almost anything may happen from now on.

The next few days will be vital ones in the plans of every worker. Victory or defeat may be spelled in the accomplishments of the campaigners during the week-end just before them.

Now is the time for readers to redeem their subscription promises. Now is the time for merchants to purchase advertising cards. Now is the time for every worker to strive for a lead that will make possible victory two weeks from Saturday night.

Watch them go!

**OLD RESIDENT PASSED
AWAY**

William Cardinal, age 80 years, and a resident of Grayling for about 30 years, passed away Sunday afternoon after a short illness.

Mr. Cardinal was born in LaPrairie, Ont., in 1854. He had worked as a section hand for the M.C.R.R. for many years here. Mr. Cardinal was the father of three children, all of whom died in infancy, and Mrs. Cardinal passed away in 1930.

Funeral services were held Tuesday morning at St. Mary's church, Rev. Fr. Maloney officiating. Interment was in Elmwood cemetery.

Surviving the deceased is one brother, Israel, of Grayling, and several nephews and nieces.

Edgar Caid..... 4.00 5.00

Fred Niederer..... 4.00

The minutes of today's session were read, approved and signed in open session.

Moved by Horton, and supported by Caid, that we adjourn without date. All members voting yeas. The motion carried.

The First Lap Is Run*Now for a Stirring Finish!*

Active campaigners in the Crawford Avalanche's big "Weekly Payroll" prize competition finished the important "First Period" Saturday night closely bunched, with no one having a lead of any importance and not one of the four out of the running for first place.

The two weeks and two days remaining before the prizes are awarded will thus be the most important of the campaign, with final victory very probably going to the person who does the best work during this time, regardless of where he or she stood at the end of the First Period.

Following, in alphabetical order are active campaign workers, with credits accepted for publication up to the end of the First Period. Totals do not necessarily represent full voting strength of individuals, as credits may be held in reserve.

Mrs. Frank Barnett and daughter Elizabeth Ann Kraus attended the graduation exercises of the latter's sister, Helen Redman at Alma last week. They were accompanied home by Miss Redman who is here for Elizabeth's graduation this week.

Mr. and Mrs. Richard Johnson and Mrs. A. C. Olson of Detroit accompanied Mrs. Nikolai Schlotz and A. C. Olson as far as Saginaw from Detroit. They were met there by Mrs. N. P. Olson and son Ernest at the home of A. W. Smith and accompanied them here.

Several homes have been repainted this last week which include those of George Biggs, J. F. Smith, Albert Gierke, Wm. Neal, and the Smith house on the trunk line. The town hall is being treated to a coat of paint and the building of the Schweitzer & Wilson meat packing company looks much improved with new paint.

DON'T STOP

When You Have Won Your First Victory---
It's Not Your Goal---It's Only a

STEP FORWARD

It's Where You Finish That Counts!

If you really want to win that beautiful new Chevrolet coach you can see anytime at the Hanson garage, or the alternative prize of nearly five hundred dollars in cash, don't at any cost try to rest on your laurels now. This is positively the closest campaign the manager has ever conducted, and no one has a lead to boast of, and not one of the four workers is even a little bit out of the running! The winner will undoubtedly be the person who works hardest from now to the end of the campaign, regardless of where he or she may stand now.

To have been a leader during the first period, which ended Saturday night, was fine, and an advantage to you—providing, and only providing, you keep right on working at top speed adding further credits to your total. Some of the biggest days of the campaign are ahead of you in the little more than two weeks that remain, and if you want to keep your present position, or to climb ahead, you must turn in credits now faster than ever before!

Sell advertising cards as fast as you can—but don't forget that subscriptions still count high and that money in out of town subscriptions will give you almost double the votes you would get from the same money in advertising cards. Remember, advertising credits give you campaign credits only, while subscriptions count toward both credits and "Weekly Payroll" commissions.

Work early and late, rain or shine, in the few days remaining before the Avalanche's big campaign comes to an end. All you have to do is get more credits than anyone else, and you'll drive away that new Chevrolet the night of June 29!

Will you be the winner everyone will be envying—or will you be one of those who do the envying? It is up to you!

Who Will Win

Mrs. Stanley Flower?
Mrs. Laura Parker?
DeVere Schmidt?
Reginald Sheehy?

EXTRA! EXTRA! Spectacular New Feature

Advertising Cards May be Sold in Campaign

One Week Only---Friday, June 14, to Thursday, June 20, Inclusive

Here is the announcement Avalanche campaigners have been waiting for! Here is their chance to pile up credits fast in the race for that fine new Chevrolet coach, the big cash prize, or the other fine award being offered by the Avalanche in its mammoth prize campaign now rapidly approaching its climax!

For one week, beginning Friday morning this week and ending on Thursday night next week, participants in the campaign will be allowed to sell advertising cards—just like meal tickets—to business men, thus earning credits toward the winning of the big major awards or raising their positions so as to draw bigger percentage bonuses at the end of the campaign.

These advertising cards will be redeemed by the Avalanche at

How Ad Cards Will Count

\$5.50 card (costs you \$5.00).....	10,000
\$11.00 card (costs you \$10.00).....	25,000
\$22.00 card (costs you \$20.00).....	70,000

any time up to June 15 next year for a total amount of 10 per cent more than their cost. For example, a card costing \$5.00 and earning 10,000 credits for a campaigner will be worth \$5.50 in advertising in

the Avalanche.

The cards may not be used to pay for advertising already run—just for display advertising run after this week and before June 15 next year.

The cards are transferable, and anyone who finds that he has bought more cards than he can use before their expiration date may sell the cards or any unused portion of them to anyone he may desire.

The cards state on their face that they will be redeemed at a set advertising rate—the rate now in force on general local advertising in the Avalanche. They cannot be used by merchants having lower yearly contract rates, and must not be sold to such merchants.

Rules For Sale of Ad Cards

1. Advertising cards will be distributed to campaigners any time after this issue of the Avalanche appears in the mail.
2. Cards must not be sold to merchants having special yearly rates lower than the rate appearing on the cards, which is the rate at which they will be redeemed. A list of such merchants will be given to campaigners with their cards.
3. No cards may be sold after the Thursday night report on June 20.
4. No cards will be good unless signed by the publisher of the Avalanche.
5. Campaigners must sign for all cards taken out of the office and will be held personally responsible for them until cards are either sold or returned to this office.
6. No commission will be paid on advertising card sales. The cards will, however, count toward "club" credits and "weekly bonus" credits.

Mr. Advertiser—Stretch Your Dollars!

You know that you are going to want to advertise liberally during the next few months in the columns of the Crawford Avalanche, taking advantage of the fine big subscription list brought to the paper by its big "Weekly Payroll" subscription campaign.

So why not help some campaigner—and at the same time help yourself—by deciding how much money you will want to spend on Avalanche ads in the next twelve months, and spending it now for an advertising card good any time during that period.

Your purchase of a card may help one of your friends or customers win a Chevrolet a little more than two weeks from now.

And, best of all, the card you purchase is good for ten per cent more than its cost in advertising credits. In other words, a \$5.00 card is worth \$5.50 in advertising, a \$10 card is worth \$11, and a \$20 card is worth \$22 in advertising space.

What better way can you find to make your money earn you ten per cent interest in a year?

Subscriptions Still Count High

While subscriptions are worth slightly less than during the First period, don't get the idea that they are no longer worth getting.

During the first period twenty dollars in one year subscriptions inside the city limits was worth 42,000 regular credits and 50,000 club credits, a total of 92,000. During this period the same amount would earn 28,000 regular credits and would still count for 50,000 club credits, a total of 78,000, which is still a sizeable figure. And twenty dollars in one year out of town subscriptions even this period would bring you a total of 106,000 credits.

Notice especially, how little the five year subscriptions have been reduced. While regular credits on one year subscriptions have been reduced a third, credits on five-year subscriptions are down only one-fifth, which makes them more valuable to you than ever at this stage in the campaign.

DANNY USES HIS WITS

Who hesitates because of fear
May lose the thing he holds most dear.

IT HAPPENS over and over again among human folks as well as among the little people of the Green Forest and the Green Meadows. Perhaps it was because he had seen it happen more than once that Danny Meadow Mouse acted as quickly as he did. If he had stopped to think about it fear might have prevented him from doing as he did.

His Great Claws Were Spread Ready to Seize Some One and That Some One Was the Big Pickrel.

and things might have turned out quite differently and not at all so fortunate.

But Danny's wits are sharp and he has learned to use them quickly. There is nothing like danger to sharpen one's wits and Danny, as you know, is in danger a great part of the time. As he sat there peeping out of the little hole in the bank of the Smiling Pool where he had sought safety he was surrounded by danger and he knew it. It wasn't

safe to leave and it wasn't safe to remain. Could anyone possibly be in worse fix?

He was doing his best to think of some way out of his troubles, when he saw the Big Pickrel which had been hiding under some lily pads, swim out in the middle of the Smiling Pool and there stop close to the surface as if to enjoy the sun. Not two minutes later there was a sharp swishing sound in the air. Danny looked up to see a dark form shooting out of the sky. It was Plunger the Osprey, often called Fish Hawk. His great claws were spread out to seize some one and that some one was the Big Pickrel.

With a great splash Plunger struck the water and disappeared right where the Big Pickrel had been a second before. Grandfather Frog dived from his big green pad with a startled "Chug-urum!" Snapper the Turtle sank from sight. Billy Mink disappeared. Reddy Fox stood up on his hind legs the better to see.

With a quick glance up to see that Redtail the Hawk was not watching, Danny darted out of his hiding place and scurried along the bank of the Smiling Pool toward the Laughing Brook. He knew that for a few minutes the attention of everybody would be fixed on Plunger. He hoped that no one would notice a scared little Meadow Mouse. He heard the water falling from Plunger and the beating of his great wings as he rose in the air, but he didn't even glance to see if Plunger had caught the Big Pickrel. He simply made those four little legs of his go as fast as they possibly could until he reached a tangle of matted grass, under which he crept, his heart going pit-a-pat, pit-a-pat. Not till then did he look back.

THROUGH A WOMAN'S EYES • By JEAN NEWTON

THE ANSWER IS IN KNOWING
PEOPLE BETTER

"WHY can't people really be what they seem at first sight?"

So asks a reader, who, I gather, is one of our younger friends.

"You meet people," she writes, "who seem perfectly charming. You feel you have much in common with them and would like to know them better. Then you get to know them. You invite them to your house, perhaps, or you visit at theirs. They still seem charming. Then you get to know them better. And then you begin to discover things."

"The woman turns out to be a cat, or perhaps just jealous because your husband is nicer to you than hers is to her. Or it develops that they are the kind who cultivate people to 'use' them. Perhaps he sells insurance—or stocks."

"Or it may be just that their graciousness which charmed you at first looks synthetic when you see them using it on other people—perhaps people you know they don't really like."

"Or you may discover that they brag; or are curious; or greedy; or not sincere."

"Why, oh why do people have to disillusion you just when you are beginning to like them awfully? And what's the answer—is it to drop friends who disappoint you for others who are sure to do the same thing when you know them better?"

Again I say our reader must be young. Because only the young expect perfection of anyone. And she is so patently one of those spirited souls who likes so terribly when they do like, that they expect far too much.

And the answer? The answer is not to drop those people who have developed faults. No, indeed. The answer is to know them better. For when you know them better you are very likely to learn to understand their faults, and they are very likely to reveal new virtues and finenesses and charms which will counterbalance those faults.

There is a story told of Charles Lamb who was asked if he knew a certain person whom he had ridiculed. "Know him?" he replied. "Of course I don't know him. I never could hate anyone I knew."

So the answer is not in knowing people less well, but knowing them better.

The 18 colored recruits who joined this company late in April were transferred Friday of last week to Camp Custer at their own request. They are attached to a casual company there that will shortly form the initial personnel of a new camp.

Two new CCC companies will shortly be organized in this vicinity. One of these is to be at Eldorado in the Huron National forest east of Roscommon, and the other near Kalkaska.

Prosecuting Attorney John J. Donahue of Roscommon talked to members of this organization one night last week at an assembly.

The forestry class made an inspection of the Higgins Lake nursery one evening last week. George Petruscha told the boys of the work done there.

Donald Richards, of Muskegon, one of the first men with this organization, is arranging a reunion of the men who were with the company in its pioneer days, with Grand Rapids the likely meeting place. Meetings are being arranged in various cities to organize the "on to Grand Rapids" movement and it is anticipated a goodly share of the original company will be reassembled.

Foreman John Mallinger demonstrated to a class in care and use of tools, the several methods of forest fire fighting, Thursday night.

Harold Lassen, who was recently taken to Fort Wayne with a broken knee cap, reports he is recovering rapidly and able to be about in a wheel chair. Aloyse Skipski, who is at the same hospital with a broken arm, has the cast removed and is also doing well.

This organization was furnished a new Chevrolet army truck last week. One of the old Dodge trucks was turned over to Camp Custer in exchange for the new equipment.

Capt. N. D. Young, sub-district commander, has gone to Chicago on leave of absence to be home with his son while he has an operation on his foot. Capt. Murphy has been acting as sub-district commander during Capt. Young's absence.

Excavation is being made for a cellar under about one-half of the supply building. This space is needed for storage of heavy equipment such as stoves that are not needed during the summer months.

Capt. George Rolan, formerly with this company but more recently commanding officer of Camp Pioneer CCC Co. 1811, has been transferred to Co. 1670 at Camp Presque Isle, a veteran's organization near Onaway. Lieut. Tennery resumes command at Camp Pioneer.

This tract of land is vast and at a distance it looks as though the ground is covered with snow. In very dry weather, which is usually the case, this salt hardens, forming such a hard crust that it is used for testing cars since it is very flat and permits speedy traveling. FIVE U.S. CONTRACTS FOR LEONARD REFRIGERATORS

Leonard Refrigerator Company has been awarded blanket contracts for five of its standard types of refrigerators by the United States Government, according to Sorenson's Furniture Store, local Leonard Dealers. The awarding of this contract is most gratifying, Mr. Sorenson said, because of the increased stringency of the tests which the refrigerators had to undergo this year.

The Government made its 1935 electric refrigerator contract awards on the basis of overall operating costs over a 10 year period, Mr. Sorenson declared. Among points taken into consideration were initial cost, economy of operation, current consumption, operating efficiency under extra heat conditions, and cost of replacement parts.

The fact that of the many companies competing for a Government approval, Leonard was awarded five contracts out of 20 conventional types of electric refrigerators upon which bids were asked, is the best proof of the quality and efficiency built into every Leonard refrigerator, Mr. Sorenson said. Leonard has a 54-year record of leadership in the manufacture of refrigerator cabinets.
